

**EuVocation annual conference**  
**Porto-Portugal – July 3rd – 6th, 2008**

*«Samaritans of hope : For a human and christian future of Europe»*

**Questions for an evaluation...**

1. Please indicate elements in your culture, your country, your region favorable and unfavorable for establishing a « culture of vocation » as proposed in « In verbo tuo ».
2. How is the richness of the concept of « vocation » as presented in Vatican II and in « In verbo tuo » being assumed in your particular Church?
3. In the light of « In verbo tuo » (26 : *General principles of pastoral work for vocations*) : How do you evaluate the transmission of a pedagogy of vocations into the pastoral activities in your countries?
4. Have the structures as demanded in « In verbo tuo » (29.e) been established in your countries? How do they realize *the unitary-synthetic perspective of pastoral work* (26.g) ?
